

# **PROTECT MEMBERS. PASS EXAMS. SLEEP EASY.**

**THE CREDIT UNION CORE INITIATIVE  
FROM FASTEK**

**FA<TEK**  
FAST<SECURE>TECHNOLOGY

## THE CHALLENGE

# NCUA EXAMINERS EXPECT BIG-BANK SECURITY

- ▶ Written security program

- ▶ Examiner-ready documentation

- ▶ Board oversight proof

- ▶ Staff training evidence

- ▶ Vendor access controls

### Cybersecurity and Compliance Made Simple

Small credit unions face the same rules as billion-dollar banks – without the IT staff to manage them.

## THE GAPS

# WHERE SMALL CREDIT UNIONS FALL SHORT

- ▶ Weak MFA or outdated patching

- ▶ No training or phishing logs

- ▶ Incomplete vendor oversight

- ▶ Missing board reporting

*These gaps lead to exam findings, fines, and reputational risk.*

# CORE

CYBERSECURITY  
OVERSIGHT  
RESILIENCE  
EDUCATION

## THE SOLUTION: CORE

### THE CREDIT UNION CORE INITIATIVE

- ▶ 24/7 SOC Monitoring + EDR
- ▶ MFA + Zero Trust Access
- ▶ Secure Backup + Patch Mgmt
- ▶ Email Security + Dark Web Monitoring
- ▶ Phishing Training + Logs
- ▶ Board Scorecards + vCISO
- ▶ Vendor Access Oversight

Aligned with NCUA CORE IT,  
SCUEP, and CORE+ exam tiers.

## THE 3-STEP PLAN + CHECKLIST

### FROM STRESS TO EXAM-READY

- 1 ASSESS** → Schedule your CORE Readiness Assessment.
- 2 ROADMAP** → Get a tailored, examiner-aligned action plan.
- 3 PROTECT & COMPLY** → Ongoing support + examiner-ready evidence.

#### Can you confidently say “yes” to:

Written security program?  
MFA for remote/admin access?  
Current asset inventory?  
Risk assessments & remediation?  
Staff training & phishing logs?  
Board cybersecurity reporting?  
Vendor access controls?

**If not — CORE closes the gap.**

**BE READY.  
BE SECURE.  
BE CONFIDENT.**

**Schedule Your  
CORE Readiness  
Assessment**

**SCHEDULE**

**270-240-2840**

#### **About Fastek**

Fastek is a security-first IT and cybersecurity partner serving clients across the United States. The CORE Initiative was built exclusively for community credit unions to pass NCUA exams and protect member data — at a fraction of the cost of hiring in-house IT staff.
